

REMARKS

Claims 31-34 have all been amended to correct a technical defect. Specifically, each of these claims, as originally drafted, refers to the insertion of the "sac of Claim 20" into the heart as part of the methodology of treatment. However, since Claim 20 has been cancelled, Applicant has inserted the language relating to the structural aspects of the "sac of Claim 20" into the Claims 31, 32, 33, and 34 in order to more accurately describe the invention.

The Commissioner is authorized to charge any deficiency or credit any overpayment associated with the filing of this Response to Deposit Account 23-0035.
